Ahmed Sherif

Machine Learning Engineer

ahmed.mohamed438438@gmail.com +201016024660 Kafr El-Sheikh, Egypt

PROFILE

Machine Learning Engineer focused on building practical AI solutions using Machine Learning and Deep Learning. Experienced in data preprocessing, exploratory data analysis, feature engineering, model training, evaluation, and working with real-world datasets. Continuously developing technical skills through hands-on projects and the Digital Egypt Pioneers Initiative (DEPI).

EDUCATION

Digital Egypt Pioneers Initiative (DEPI) — Kafr El-Sheikh, Egypt
AI & Data Science Track | 07/2026 – Present

Kafr El-Sheikh University, Faculty of Engineering — Kafr El-Sheikh, Egypt
Bachelor of Engineering | 10/2022 – Expected 2027

EXPERIENCE

AI & Data Science — Digital Egypt Pioneers Initiative (DEPI)
Kafr El-Sheikh, Egypt | 07/2026 – Present

- **Currently developing practical skills in Machine Learning through hands-on training and real-world datasets.**
- **Applied Machine Learning algorithms including SVM, Decision Trees, and Neural Networks.**
- **Performed data preprocessing, exploratory data analysis (EDA), feature engineering, and model evaluation.**
- **Worked on practical Machine Learning and Deep Learning projects.**

3D Designer — MUSK

Egypt | 2024

- **Worked as a 3D Designer, creating and editing 3D models and visual designs.**

Video Editor

Egypt | 2024

- **Worked as a Video Editor, editing and producing video content.**

Data Analysis

Project-Based

- **Experienced in analyzing and interpreting datasets to extract useful insights.**
- **Skilled in data cleaning, preprocessing, exploratory data analysis, and data visualization.**
- **Worked with Excel, Power BI, Pandas, and Matplotlib for data analysis and visualization.**

PROJECTS

Smart Education Platform

- **Developed an educational platform designed to support students and instructors.**
- **Worked on course management, content delivery, and smart learning features.**

Agarly — Student Housing Platform

- **Developed a full-stack platform designed to connect university students with property owners and brokers.**
- **Worked on core features including property listings, user management, and database integration.**

Telco Customer Churn Prediction — Machine Learning

- **Built a machine learning model to predict customer churn.**
- **Performed data preprocessing, EDA, feature engineering, and model evaluation.**
- **Developed a deep neural network to identify at-risk customers.**

Chest X-Ray Pneumonia Classification — Deep Learning

- **Built an image classification model using EfficientNetB2 with transfer learning.**
- **Applied preprocessing, data augmentation, and class balancing.**
- **Trained and evaluated the model on train/validation/test datasets.**

SKILLS

AI & Data Science

- Machine Learning
- Deep Learning
- Algorithms
- Data Wrangling
- AI & Data Training
- Data Preparation
- Data Visualization

Python

- Basics
- NumPy
- Pandas
- Scikit-Learn
- PyTorch
- MatPlotLib
- Seaborn

SOFT SKILLS

- Problem Solving
- Leadership
- Communication

Data Analysis &Visualization

- Microsoft Excel
- Data Cleaning
- Power BI
- Data Visualization
- Dashboard Development
- Microsoft Word

LANGUAGES

Intermediate **English** Native **Arabic**
